

Union Park District Council

Staff Report

May 4, 2016

Upcoming Events

In addition to building community and activating our public spaces through our traditional family-friendly summer events, we will engage neighbors on issues including Midway redevelopment and the new park at Griggs; partner with agencies on transportation projects like the A Line; celebrate our cultures through new events; implement feedback for demonstrations at Fairview/Marshall and Lexington Parkway; increase name recognition and brand identity for UPDC; and hear about issues of importance to residents.

If you would like more information about any of these events, or would like to identify ways you can be involved, please contact julie@unionparkdc.org or michael@unionparkdc.org.
